

To all members of the Chicago Police Lieutenants Association, I would like to thank you for all you have done on behalf of Chicago Police Department Lieutenants. It seems a very long time ago that I was studying and preparing for the Lieutenant's exam, a rank which seemed almost inconceivable early on in my career. As a lieutenant, I have come to realize the job you do to address the many concerns us lieutenants have and how hard you fought to keep and attain benefits for us. On top of all that, you made available a scholarship benefit of which I was fortunate to have received for my son who is in college. We have not benefited from any other scholarship, grant or loan as of this time so this really helps with our costs for my son's education. Once again thank you and I remain proud to hold the rank of Lieutenant in the Chicago Police Department.

Sincerely,
